

Hyperflow's new and improved manufacturing processes see prices slashed.

Australia - May

Hyperflow Technologies, the leading intercooler manufacturer, today announced their new manufacturing processes of their entire range of intercoolers and product range. The premier manufacturer and supplier of premium automotive performance systems, have promised that these prices are here to stay without jeopardize the quality and performance of their existing range.

"Our intercooler line has been one of the most successful range of products we have manufactured" Said John, Sales Manager at Hyperflow Technologies. "We couldn't be more thrilled to continue the line on the new range of intercoolers with performance that made previous iterations so successful."

Hyperflow Technologies is an established name in intercoolers....., with customers across Australia, UK, Singapore and now back in the US. This is Hyperflow's 15th Year in operation, affirming the company's commitment to performance and reliability.

First 100 Customers to email direct to sales@hyperflow.com.au or phone through orders on +61 2 42607977 will receive a 5% discount on any purchase. Further 5% discounts will apply for purchase of two or more items. (10% OFF)
